

Our Digital Future

Help shape the future of digital services within BCUHB

We are currently reviewing our Digital Strategy, which is our plan to deliver what is important for patients, staff and for BCUHB in relation to how we use technology to improve services and the way we work.

We want you to be able to relate to the strategy and to know what you should experience from digital services in the future. We have prepared a brief survey as an opportunity to feedback on your Digital experiences in BCUHB.

We would appreciate if you could take the time to complete the survey.

Please scan the below QR code to take you to the survey
